Page Setup	
Exit	Ctrl+X

Add separate line

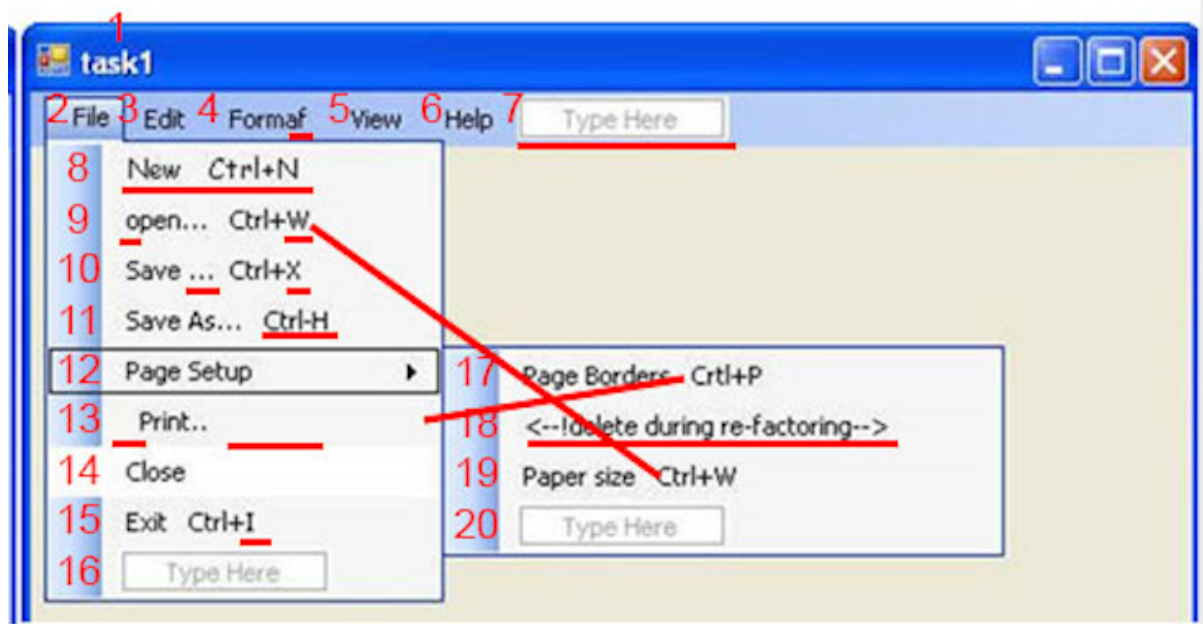

add separate horizontal line in menu (File)

between (Close) and (Save)

between (Save As..) and (Print)

between (Page Setup) and (Exit)

Task 2

Найбільш критичні моменти

7) Для кращого розуміння треба мені читати сторю по цьому пункту мене. Те як я розумію це кудись треба сюди у середину перенести (File, Edit, Formaf, View, Help) або розробник щось накосячив і треба зрозуміти чи це зовсім лишнє, так садно зрозуміти

18) Як я розумію розробник просто забув кусок коду видалити в програмі

Все інше більш менш криво але зрозуміло для тестування і це ремонтувати у другу чергу (1, 4, 8, 9, 10, 11, 13, 14, 15, 17, 19)
