

Enable posting to Hack BBS

[Debian TS-WXL](#)

I accessed <http://192.168.2.70/cgi-bin/BBS/eztree.cgi> and checked the operation of BBS CGI, but it was displayed but I could not post.

These are probably write permissions.

```
yasunari@tswx1:/home/httpd/cgi-bin$ find . -exec chgrp www-data {} \; -print
```

```
:
```

```
:
```

```
yasunari@tswx1:/home/httpd/cgi-bin$ find . -exec chmod g+w {} \; -print
```

```
:
```

```
:
```

I tried a lot of tests, but maybe it 's OK
